For the Editors

Please provide the following details in order to help our editorial team manage your submission.

When entering metadata, provide entries that you think would be most helpful to the person managing your submission. This information can be changed before publication.

Disciplines

Disciplines are types of study or branches of knowledge as described by university faculties and learned societies.

Supporting Agencies

Supporting agencies may indicate the source of research funding or other institutional support that facilitated the research.

Rights *

Any rights held over the submission, which may include Intellectual Property Rights (IPR), Copyright, and various Property Rights.

Type

The nature or genre of the main content of the submission. The type is usually "Text", but may also be "Dataset", "Image" or any of the [Dublin Core types](#).

Data Availability Statement

A short statement describing whether or not the author(s) have made their research data available and, if so, where readers may access it.

B *I* x^2 x_2

Comments for the Editor

Add any information that you think our editorial staff should know when evaluating your submission.
